REPORT OF TOWN MEETING MARCH 7, 1973

The meeting was called to order by the Moderator, Horace R. Williams, at 7:00 P. M. Mr. Williams called on Reverend Everett E. Palmer of the Newton Junction Baptist Church for the Invocation.

The results of the balloting on Article I and X on Tuesday, March 6, 1973, were read by the Moderator.

ARTICLE II On a motion by William A. Baker, it was voted to accept the budget as printed in the Town Report, noting that the total on page eleven should read \$124,039.15.

ARTICLE III On a motion by Mr. Baker, it was voted to accept the reports of the Town Officers as printed in the Town Report with corrections as noted.

ARTICLE IV On a motion by Donald B. Norman, it was voted to authorize the Selectmen to hire money in anticipation of taxes.

ARTICLE V On a motion by Mr. Baker, it was voted to authorize the Selectmen to sell property acquired by Tax Collectors Deed or through Old Age Assistance, or any other property of the Town not used for Public Purposes.

ARTICLE VI On a motion by Mr. Norman, it was voted to raise the sum of \$18,000.00 to be applied against the \$33,000.00 present deficit, per instruction of the New Hampshire State Tax Commission.

ARTICLE VII On a motion by Mr. Norman, it was voted to raise a sum not to exceed \$500.00 to be paid to the Newton Junction Firemen's Association for the year 1973, said rent not to exceed the amount of Taxes assessed against the Newton Junction Firemen's Association for the year 1973 and any sum in excess of the Taxes to be returned by said Association to the Town.

ARTICLE VIII It was moved and seconded to raise the sum of \$1,200.00 for the Greater Salem Community Mental Health Centre.

On a motion by Edward Moran, it was voted to amend the article to read, "to see if the Town will approve the use of Federal Revenue Funds in the amount of \$1,200.00 for the Greater Salem Community Mental Health Centre".

The main motion as amended was then voted in the affirmative.

ARTICLE IX On a motion by Fred H. Cust, it was voted to raise \$339.15 to receive \$2,260.97 that the State will contribute for Class V roads.

ARTICLE X Result of ballot voting on this article was read earlier by the Moderator.

ARTICLE XI On a motion by Christopher D. Sherrill, it was voted to turn over to the Conservation Commission land on Currierville Road, formerly the property of Robert J. and Frank H. McCourt, which has been taken by the Selectmen for taxes. It was noted that this property contains approximately 60 acres and is in a water shed area for the Powwow River.

ARTICLE XII It was moved and seconded to prohibit the use of salt and similar chemicals on the highways within the Town except for dangerous intersections and extreme road conditions as designated by the Selectmen or Road Agent.

On a motion by Myrtle B. Rogers, it was voted to amend the article by replacing "highways" with "town roads".

This amendment received a vote of 93 yes and 65 no. The original motion, as amended, was approved by a vote of 93 yes and 50 no.

ARTICLE XIII Mr. Norman moved and it was seconded to raise a sum of \$5,000.00 to be put into the Capital Reserve Fund toward the purchase of a Class A fire pumper.

On a motion by Mr. Baker, this article was amended to read, "To raise the sum of \$5,000.00 from the Federal Revenue Sharing Trust Funds to be added to the Capital Reserve Fund toward the purchase of a Class A pumper for the fire department."

This amendment, as well as the main motion as amended, was voted in the affirmative.

On a motion by Mr. Baker it was voted to take up Article XIV, XV, and XVI after Article XXII is voted on.

ARTICLE XVII Mr. Norman moved and it was seconded to approve the use of Federal Revenue Sharing Funds in the amount of \$5,000.00 to allow the purchase of a Class A Fire Pumper this year and the amount of \$7,480.00 to equip said pumper with 2,000 feet of four inch hose and fittings.

Upon being requested from the floor, Patrick R. Callahan of the Fire Department reported that specifications, as drawn up and agreed to by a committee of Firemen, were submitted to seven companies. Howe, one of three to return a bid, was the lowest bidder meeting the specifications. This truck would be similar to the 1968 Ford now in service and would be garaged in the Center Fire House. Plans call for Engine No. 2 to be moved to the Junction Station and for Engine No. 5 to be retired.

Mr. Moran's motion to amend Article XVII to read Part A and Part B received a negative vote.

The main motion was voted in the affirmative.

ARTICLE XVIII On a motion by Russell D. Estabrook it was voted to approve the use of Federal Revenue Sharing Funds in the amount of \$2,760.00 to allow the purchase of five four-channel FM radios with three sets of crystals and gain antennas for use by the Fire Department.

ARTICLE XIX On a motion by Mr. Estabrook it was voted to approve the use of Federal Revenue Sharing Funds in the amount of \$1,500.00 to allow the purchase of four Scott air packs with extra tanks for use by the Fire Department.

ARTICLE XX It was voted to approve the use of Federal Revenue Sharing Funds in an amount not to exceed \$6,000.00 to purchase the entire West Amesbury Branch of the Boston and Maine Railroad, lying in Newton, to be used for recreational purposes by the Newton Conservation Commission.

It was noted that the B & M was reserving the portion of the roadbed from the main track to Whittier Street for the storing of tank cars. The

portion now for sale would run from Whittier Street to the Merrimac line, consisting of an 80 foot wide strip of land approximately 1.6 miles long. It was further noted that Merrimac is interested in buying the part of this roadbed which lies within the limits of their town.

ARTICLE XXI On a motion by Mr. Sherrill it was voted to approve the use of the Federal Revenue Sharing Funds in the amount of \$500.00 for Forestry Practices on Town owned land by the Newton Conservation Commission.

ARTICLE XXII On a motion by William L. Hart, it was voted to use the remainder of the Federal Revenue Sharing Funds, and any interest that may have accumulated, to be set aside for a Tax Map of the Town.

Mr. Baker noted that the Selectmen have been notified that the Tax Map will be required by each Town by the year 1980 and that it takes three years to complete.

ARTICLE XIV It was moved and seconded to rescind the Building Code and Safety Ordinance, the Earth Removal Ordinance and the Sub-division Regulations. After some discussion the motion received a negative vote.

ARTICLE XV It was moved and seconded to elect by ballot the Chief of Police. After comments casting doubt on the legality of the article, it received a negative vote.

ARTICLE XVI It was moved and seconded to adopt the provisions of the Municipal Budget Law. This article received a negative vote.

ARTICLE XXIII On a motion by Robert C. Morse it was voted to hold a meeting of the legal voters of the Town previous to the next Town Meeting to discuss how Federal Revenue Sharing Funds will be used.

On a motion by Mr. Baker, it was voted to dedicate this meeting to Pearl R. Willis and to give her a rising vote of thanks for her many years of service to the Town.

On a motion by Shirley P. Sherrill it was voted to request the Selectmen not to dispose of the 60 acres of land between Pond Street and Heath Street for at least one year.

It was voted to establish a Recreation Commission.

Meeting was adjourned at 9:45 P. M.

REPORT OF TRUSTEES OF GALE LIBRARY

Trustees of Gale Library have been proud of the accomplishments at the library during the past year. We were sorry to have Mrs. Marjorie Moisan announce her resignation as librarian but were most fortunate to acquire Mrs. Marjorie Reynolds to replace her. She is an inspiration to the board and to those who use the library.

We are also indebted to many friends who have donated books and magazines throughout the year, which assists the town financially, to the anonymous donor for the usual money gift, to Newton Garden Club for filling window boxes and floral arrangements during the year, to Boy Scout Troop 91 for the Christmas wreath for the door and all other friends for friendly assistance to the librarian and staff.

Our librarian was privileged to attend courses at UNH for professional advancement in her field, however we regret that she will not be able to continue this year for, unless some unforeseen happening occurs, we will lose our accreditation within the fold of the N. H. State Library.

The trustees have been hoping during the past six years since the State Library Commission set goals for all libraries within the State, which has a June 30, 1974 deadline, that we would be able to move into Village School, thinking the school problems would be resolved within that time limit. We so informed the State Library officials at the time.

June 30 is approaching. The goals have not been met, that is, those requiring modern toilet facilities and running water. We have been notified that we will lose our accreditation with the state and its many benefits to the library and staff.

The board has had estimates of costs for an addition to house toilet facilities and for water, totaling \$18,000.

We will be seeking funds from the Revenue Sharing Funds to help us in our dilemma. We look forward to YOUR concern.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A. M. and

5:00 P. M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72 per cent of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

REPORT OF THE RECREATION COMMISSION

We are pleased to inform the townspeople that in the Fall of 1973, a Recreation Commission was appointed to provide what we hope will be not only a recreation program for our children, but for adults as well.

For the past few months we of the Recreation Commission have met with the Conservation Commission and the Planning Board to seek aid in helping to form and guide our commission. Together, with their help and yours, we will bring you a full recreation program which will include basketball, ice and street hockey, and a professionally built tennis court in the near future.

Respectfully submitted,
The Recreation Commission
George P. Moulaison, Chairman

1973 ANNUAL REPORT

NEWTON CONSERVATION COMMISSION

The Newton Conservation Commission considers its prime goal as the protection and preservation of Newton's environment and open spaces. The year 1973 saw the Hadley Road town forest initially completed with 1,000 white pine and 300 douglas fir seedlings planted, and thinning was done on the hardwood. An eventual monetary return will be realized by the town under this reforestation program.

When the town turned over the management of Rocky Ridge, Currierville Road, to the Conservation Commission, the regional forrester was contacted to develop plans for the best use of this area. Unfortunately this land is under litigation in the courts and the project will be delayed until a final ruling is made.

The shade tree replacement program has been a continuing success and enthusiastically supported by citizens. This will be continued as well as Clean-Up Day, a joint community venture. Again, the Cub Scouts, Boy Scouts, Webelos, Brownies, Girl Scouts and 4-H groups banded together to clean up the area near the dump, pick up roadside trash throughout town and continue beautification projects of planting 4 triangles and the Selectmen's parking lot. Tulips were planted by the 4-H The Newton Garden Club, the road agent and police department all assisted in these projects.

The Marshall property is being constantly improved. The outside painting has been completed as well as a new bulkhead built.

The commission plans to construct the parking lot and replace the front steps in 1974. Under the supervision of the Historical Society new wiring has been installed, the kitchen completed and work done on the front meeting room.

The Conservation Commission holds meetings monthly, as well as meeting jointly with the Selectmen and planning board when the environmental protection of Newton land is concerned.

The commission wishes to thank all Newton people for their donated labor and willing assistance in making these projects a success.

Shirley Sherrill

REPORT OF THE SELECTMEN

The year 1973-74 has been an outstanding year for us as your Selectmen.

We wish to thank all of our town officers for an incredible amount of effort and cooperation, which has resulted in a year of total accomplishment. We feel that working with such qualified personnel is a privilege and makes it a pleasure to serve in the office of Selectman.

The office of Selectmen and our officers wish to thank you, the people, for your cooperation and encouragement to continue our efforts.

Thank you

Harlan N. Tozier
Roland D. Estabrook

POLICE CHIEF'S REPORT

Once again I would like to take the opportunity to thank the people of Newton for the tremendous continuing support and co-operation they have given me and the Police Dept.

I feel that our crime rate is at a new low. The breaking and entering into public buildings and in homes are at a minimum. Other investigations in robberies and other crimes have been investigated to the fullest with convictions in the courts on the largest percentage brought in. Our court complaints have more than doubled this year, also complaints of civil and domestic matters have increased.

We are in the process of trying to obtain modern and up-to-date First Aid equipment and life saving equipment as we make many runs to the hospitals in the area throughout the year.

I would like to thank each member of the Department, Regulars and Specials, for a job well done. They are all Officers that the town can feel proud of and can depend on.

We have started this year a Southern N. H. Police Mutual Aid which has proven valuable. Many times you will see our cruiser assisting a border town or a cruiser from another town giving our Department an assist on different calls or complaints. We hope this year to increase this Mutual Aid even more for complete rounded out coverage and protection of the community.

In 1974 the Department will assure you the same peace of mind that your lives and property will be protected to the fullest, day and night, and that we will always be there when you need our assistance.

Respectfully Submitted;
Robert S. Donovan
